What is SumPlong ?

อะไรคือสุ่มพลอง

'Sum' (สุ่ม) means 'randomly' in Thai, and 'Plong' (พลอง) represents the sound of a capsule dropping.

SumPlong is an innovative interactive marketing platform that transforms traditional display advertising into an engaging digital experience.

We create **memorable brand interactions** that capture and hold customer attention.

We **amplify customers satisfaction** in your venue: The quick "insert, spin, win" mechanic for instant gratification, mimicking the addictive simplicity of traditional machines.
